Clive School Out of School Care Provider

Kia ora Koutou,

The Board of Trustees has now worked through the formal process of finding a suitable Out of School Care provider for Clive School. We are pleased to announce that Lulu and Max Limited have been selected and will be providing this service for our school community.

The appointment committee was impressed by Lulu and Max Limited's detailed and personalised application and the commitment they showed to providing care that was in partnership with our school, and in the best interests of the children. They have a family focussed philosophy where children's needs are at the heart of their work. The staff are qualified and well trained and the service rates are very reasonable.

There are a number of Ministry of Education requirements that the school needs to ensure are in place in order for Lulu and Max Limited to start providing the service. The Board of Trustees are working at pace to meet those requirements and are hopeful that Lulu and Max Limited can offer their service at Clive School from the start of the school holidays (Monday 19 April, 2021). If that start date cannot be achieved, Tessa Flowers-Morrell, Director of Lulu and Max has alternative provisions for Clive School families who require school holiday care. She can be contacted on 02102481477.

The Board look forward to welcoming Lulu and Max Limited to our school community and also to our families enjoying the out of school care service they will provide.

The Board of Trustees

A special place to be
