8th April 2022

Kia ora Clive Whānau,

It is incredible to believe we are already through the first term of the school year. It has been wonderful to watch all of the classroom programmes, seeing the excitement and opportunities our students have engaged in over the last ten weeks. As we head into the last week of term, we wish you all a relaxing and safe holiday. A reminder that Friday 15th April is Easter Friday so our last day of term is Thursday 14th April. School resumes on Monday 2nd May.

A huge thank you to the parents and National Aquarium volunteers who turned out last weekend to assist in removing the agapanthus from along Muddy Creek's boundary. Our students are excited by the development and are looking forward to planting this space in Native trees and shrubs. We have a few more grounds based projects that we will be requesting assistance with throughout the year. If you can assist in any way, we would be most grateful.

With Covid 19 restrictions easing it was fantastic to invite parents to attend our Health Consultation evening on Wednesday 6th April. A huge thanks to those who attended this event and shared their valuable insight. The first three weeks of Term 2 will see the sensitive subject areas being taught by our staff. Further communication regarding what to expect will come out next week and will be reinforced from the teachers at the beginning of weeks 1 - 3 next term.

If you are travelling during the school holidays we wish you safe travels and enjoy a well earned break with your children. We look forward to seeing everyone back at school from Monday 2nd May.
